```

The diagram illustrates a dependency or data flow. On the left, two white rectangular boxes with black borders contain the function names 'geo_struct::FindSurfaceAtoms' and 'geo_struct::isInvalidPeriodicity'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'geo_struct::get_cindx_tilted', which is split across two lines. The gray box has a black border and a solid gray fill.
